OSER'S SLAYER EXPECTS CHAIR

Farmland, Slayer of Employer and Wife to Get Auto, Grins in Cell.

CANTON, O. Jan. 10.—Still somewhat dazed by the sensational events that he has figured in during the last 48 hours, "Eddie" Kaltenbaugh, 21, confessed slayer of Mr. and Mrs. John Oser, was held in the county jail here today, awaiting grand jury action.

"Eddie" is confident that he'll go to the electric chair. He groans as he relates how he shot Oser, with Oser's own rifle, last Saturday night.

Oser had hired Kaltenbaugh as a farmhand to work on the Oser dairy farm near Canal Fulton, Kaltenbaugh, whose home is in Grove City, Pa., had been wandering about in eastern Ohio and Pennsylvania, he relates, seeking employment.

His desire to use their automobile to impress his girl, in New Castle, Pa., led him to kill Mr. and Mrs. Oser the youth says. After shooting Oser, he also shot Mrs. Oser dragged her body from the house, beat her head with rocks and left it near the garage, according to Kaltenbaugh's signed statement.

The case will probably be presented to the grand jury, which is now in session here, the first of next week. The court battle will be fought out, almost certainly, on the issue of Kaltenbaugh's sanity, according to Prosecutor Harter.

"I feel awfully bad about it," Kaltenbaugh sits in his cell grinning. "I suppose I'll get the electric chair. I wanted an automobile and it came over me all of a sudden that that was the way to get it. The little boy was asleep, so I didn't do anything to him. I don't know what I'd have done if he had been awake."

WITCH SLAYER IS CONVICTED

"Pow Wow" Doctor Sentenced to Life Imprisonment For Killing Recluse.

YORK, Pa., Jan. 10.—With John H. Blymer, the "bewitched pow wow doctor," sentenced to life imprisonment for the brutal murder of Nelson D. Rehmyer, the commonwealth of Pennsylvania today prepared to immediately bring the second of the three co-defendants, John Curry, a 14-year-old boy, to trial. Curry was scheduled to appear in court this morning when that matter will be settled.

Blymer, undismayed by the verdict of the jury, ate a hearty breakfast in the York-co jail and calmly awaited the hour when he will be taken to the Eastern penitentiary at Philadelphia to serve his sentence.

The superstitious witch-believing Blymer had presented in court one of the most remarkable defenses for murder in modern times. On the witness stand in his own behalf he calmly confessed that he Curry, and Wilbert Hess, had slain Rehmyer, whom they believed was a "witch" who had cast an evil spell over them. Moreover, Blymer declared he firmly believed, and still believes, that he did "the right thing" in killing the aged farmer recluse.

English Society Women Sacrifice Toes For Shoes

LONDON, Jan. 10.—Startling disclosures that many English society women are going about minus their toes in order to wear fashionable shoes have been made here by Dr. A. E. Kennard, and aroused much comment today. Dr. Kennard is one of the foremost bone specialists in London.

In an interview, the specialist revealed that scores of smart women having their little or third toe amputated so that their feet will fit into small, smart-toed shoes. But this is only the lesser evil of the craze for "chic" footwear, according to Dr. Kennard. He asserts that high heels will result in a generation of crippled women.

"The foot is rapidly becoming the ugliest part of the modern woman," said the doctor. "The belief that the flat footed woman has passed is a delusion. The high heel is merely a splint for the foot, giving it a deceptive appearance of shapeliness and prettiness."

"Let your smart woman take off her everyday shoes and put on beehive bedroom slippers and watch her walk."

The arch droops, because the muscles under the bones have been stretched and atrophied by the artificial level, and without the "splint" the foot flattens and the toes turn out at an inelegant angle.

Dr. Kennard pointed out how the "toeless" craze has become a "mad fashion" in the social world. He continued:

"A variation of this craze of the moment is to have the third toe, instead of the smallest one, removed. I strongly advise women against anything of the kind done, for they are certain to pay the penalty later on."

"Within a generation the millions of women who now wear high heeled shoes will have ugly, and even crippled feet."

Assassin Shot Down By Intended Victim

Conspirator, Betrays Confederates To Police—Detectives, Newspapermen and Photographers Watch As Intended Tragedy Unfolds About Wealthy Husband.

DETROIT, Mich., Jan. 10.—Mrs. Grace Wood, 39, comely, socially prominent matron, wealthy in her own right and a University of Michigan graduate, was under arrest in the women's detention room at police headquarters here today for questioning in connection with an alleged plot to murder her young husband, Ralph A. Wood, after the plot had been foiled by a spectacular gun battle in the dark in which one of the conspirators, a hired gunman, was killed by Wood and a deputy sheriff wounded by one of the gunmen.

Mrs. Wood's mother, Dr. Mary Smith, a physician, was also placed under arrest and held as a witness. Police declared the mother attempted to escape from her daughter's house, barefooted and clad only in a nightdress, when Mrs. Wood was arrested.

The dead gunman is Ambrose Haggerty, 25, of Detroit.

PLOT TIPPED OFF
Police knew in advance an attempt was to be made on the life of Wood, who at 33 had amassed a fortune estimated at more than a million dollars in real estate operations at Wyandotte, fashionable Detroit suburb, where Wood's office, scene of the battle, is located. Wood, too, had been "tipped off."

The scene resembled a movie "lot," although the conspirators were unaware their coming was awaited. Deputy sheriffs, reporters and newspaper cameramen, concealed in Wood's office and the spacious grounds surrounding it.

Cecil Holt, 25-year-old accountant, one of the plotters, betrayed the conspiracy at his young wife's earnest plea. He agreed with authorities, however, to carry out his part that the real conspirators might be captured.

FIVE CONSPIRATORS
Five persons were in the conspiracy, according to Assistant Prosecutor Paul O. Buckley. One is dead, Mrs. Wood refuses to talk and two others, under arrest, have confessed. Holt, who exposed the plot, is not held.

Buckley in his recommendation of a warrant said the motive was to collect a \$100,000 life insurance policy on which Mrs. Wood had recently paid a month's premium and to inherit Wood's real estate holdings, running into hundreds of thousands of dollars. Wood had signed for divorce Dec. 14, after giving Mrs. Wood \$30,000 in cash and two houses.

The murder attempt took place at 10 o'clock last night. An hour before that time police, newspapermen and cameramen, their eyes and lenses trained on the Wood office, 200 yards away and across the street, secreted themselves in the home of George Whitman, grimly awaiting the appearance of the conspirators.

PLAN CARRIED OUT
Without the least suspicion being aroused the first part of the plan was carried out. Holt visited Wood and told him of a visit to be paid him within a few moments. From that time on members of the ambushade sat primed to the highest key of excitement.

The whir of an automobile motor was heard. Scarcely a moment later the conspirators' auto hove in sight. From his peck-hole in Wood's office, Herman L. Sullivan, partner of the intended victim, saw Holt and Haggerty come onto the steps of the office.

Sullivan pulled a clothesline rope that extended from his hideaway to where Wood sat. Wood silently arose, turned out the office lights and stepped out onto the porch.

Haggerty raised his arm to strike. Wood whipped out an automatic and fired. He emptied his clip at Haggerty. Simultaneously Sullivan ran in hard, ran from the porch.

The popular referendum, under the amendment, would be conducted in each state under laws governing the election of members of congress.

THREE PLACES ARE PILLAGED EARLY TODAY

Store, Garage and Grain Office
Raided — Loot Totals
More Than \$700.

Thieves, working under the mantle of a driving rain, entered three business places in Ashville early Thursday morning carrying away property conservatively estimated at \$700.

The places entered by the thieves were, the A. B. Cooper garage, the G. A. Hook general store, and the Scioto Grain and Supply co. office.

Breaking the glass of a side window of the store of G. A. Hook the thieves, carrying refreshments with them, unhooked the upper sill of the window and entered the building. Ladies coats valued at \$150, dresses, hosiery, sheep lined coats, fur pieces and other articles were hauled from the store by the men. An ice cream basket with a piece of cake in it was the only clue left by the men. The bucket bore the name "Volvat."

This ice cream is not sold north of Circleville and it is believed the persons making the haul were from the south.

In entering the Hook store, one of the men left his footprint on an open book titled "The Standard."

WINDOWS OPENED

The window used to gain entrance to the store is the only window to which a burglar alarm switch has not been attached. Evidently the persons knew of this before entering the store, it is believed.

At the Scioto Grain and Milling Co., the office was entered by prying up a window, breaking the window latch. Nothing was reported missing from the office but a sack had been taken from the seed room. The sack had been filled with timothy seed and the contents were poured on the floor.

It is thought the sack was needed to take the goods from the store to a parked automobile, which was stolen from A. B. Cooper.

Pulling the staple which held the lock on the front door of the Cooper garage, the thieves drove away a Whippet Six sedan valued at more than \$300. They attempted to start a new Whippet four but evidently did not understand the new finger tip control and could not start the car. A wrecker, parked behind the car that was stolen, was pushed into the street.

LIGHTS TURNED OUT
As to suspects, the Ashville merchants who were the victims of the thefts could name no one, only stating they believed the persons to be from Circleville or vicinity.

At the Hook store 26 coat hangers were found scattered on the floor in the front of the building. There were taken from the coats and dresses as Hook claimed he had no hangers which were not in use.

In their selection of hosiery, only the best was taken and the boxes were left on the counters.

In the village of Ashville the lights all over the town are turned off at midnight, and in view of this fact the looting is believed to have taken place sometime in the early morning hours.

Although Hooks live next door to the store, they did not hear the thieves.

LOS ANGELES IS NEAR MOOR MAST

PENSACOLA, Fla., Jan. 10.—The dirigible Los Angeles reported its position at 9:10 a. m. eastern standard time, as 54 miles east of Annapolis and approximately 54 miles from the tanker Patoka in St. Joseph's bay in a wireless message received by U. S. naval station here.

This report followed a request asking the meteorologist of the Pensacola naval station for hourly weather forecasts after moonset. The request urged the meteorologist to anticipate any wind shift in the vicinity of the Patoka, to which the dirigible expects to moor.

Assassin Shot Down By Intended Victim

Conspirator Betrays Confederates To Police—Detectives, Newspapermen and Photographers Watch As Intended Tragedy Unfolds About Wealthy Husband.

DETROIT, Mich., Jan. 10.—Mrs. Grace Wood, 39, comely, socially prominent matron, wealthy in her own right and a University of Michigan graduate, was under arrest in the women's detention room at police headquarters here today for questioning in connection with an alleged plot to murder her young husband, Ralph A. Wood, after the plot had been foiled by a spectacular gun battle in the dark in which one of the conspirators, a hired gunman, was killed by Wood and a deputy sheriff wounded by one of the gunmen.

Mrs. Wood's mother, Dr. Mary Smith, a physician, was also placed under arrest and held as a witness. Police declared the mother attempted to escape from her daughter's house, barefooted and clad only in a nightdress, when Mrs. Wood was arrested.

The dead gunman is Ambrose Haggerty, 25, of Detroit.

PLOT TIPPED OFF

Police knew in advance an attempt was to be made on the life of Wood, who at 33 had amassed a fortune estimated at more than a million dollars in real estate operations at Wyandotte, fashionable Detroit suburb, where Wood's office, scene of the battle, is located. Wood, too, had been "tipped off."

The scene resembled a movie "lot," although the conspirators were unaware their coming was awaited. Deputy sheriffs, reporters and newspaper cameramen, lay concealed in Wood's office and the spacious grounds surrounding it.

Cecil Holt, 25-year-old accountant, one of the plotters, betrayed the conspiracy at his young wife's earnest plea. He agreed with authorities, however, to carry out his part that the real conspirators might be captured.

FIVE CONSPIRATORS

Five persons were in the conspiracy, according to Assistant Prosecutor Paul O. Buckley. One is dead, Mrs. Wood refuses to talk and two others, under arrest, have confessed. Holt, who exposed the plot, is not held.

Buckley in his recommendation of a warrant said the motive was to collect a \$100,000 life insurance policy on which Mrs. Wood had recently paid a month's premium and to inherit Wood's real estate holdings, running into hundreds of thousands of dollars. Wood had sued for divorce Dec. 14, after giving Mrs. Wood \$30,000 in cash and two houses.

The murder attempt took place at 10 o'clock last night. An hour before that time police, newspapermen and cameramen, their eyes and lenses trained on the Wood office, 200 yards away and across the street, secreted themselves in the home of George Whitman, grimly awaiting the appearance of the conspirators.

PLAN CARRIED OUT

Without the least suspicion being aroused the first part of the plan was carried out. Holt visited Wood and told him of a visit to be paid him within a few moments. From that time on members of the ambushade sat primed to the highest key of excitement.

The whir of an automobile motor was heard. Scarcely a moment later the conspirators' auto hove in sight. From his peep-hole in Wood's office, Herman L. Sullivan, partner of the intended victim, saw Holt and Haggerty come onto the steps of the office.

Sullivan pulled a clothesline rope that extended from his hideaway to where Wood sat. Wood silently arose, turned out the office lights and stepped out onto the porch.

Haggerty raised his arm to strike. Wood whipped out an automatic and fired. He emptied his gun at Haggerty. Simultaneously Sullivan, gun in hand, ran from his hiding place, shooting as he came.

Panic stricken, Taylor Pierce and William Thompson, other members of the murder band who had remained in the car, started the motor for a getaway.

They ran a gauntlet of deadly gunfire for 150 yards unscathed, coolly returning the fire. They succeeded in hitting Deputy Thomas Dunnigan who raced alongside their speeding car. Thompson and Pierce were captured two hours later.

Detectives found Mrs. Wood in her home here. She was partly clothed and in bed, they said, protesting she was suffering from influenza.

DRUNKENNESS CHARGED

Assistant Prosecutor Buckley ordered her arrested and taken to police headquarters. When she arose, she staggered about the room, Buckley said. Holt had informed authorities they would find her at her home drunk. According to Holt, Mrs. Wood had intended to accompany the gunmen but had drunk so much they had to take her home.

Wood met his wife in the homicide squad room at police headquarters.

"Hello Grace," he said, according to witnesses. "It's sort of awkward, isn't it? I don't know what to say, Grace, but I can't feel sorry I killed that fellow when I think what he intended to do to me."

At the Scioto Grain and Milling Co., the office was entered by prying up a window, breaking the window latch. Nothing was reported missing from the office but a sack had been taken from the seed room. The sack had been filled with timothy seed and the contents were poured on the floor.

It is thought the sack was needed to take the goods from the store to a parked automobile, which was stolen from A. B. Cooper.

Pulling the staple which held the lock on the front door of the Cooper garage, the thieves drove away a Whippet Six sedan valued at more than \$300. They attempted to start a new Whippet four but evidently did not understand the new finger tip control and could not start the car. A wrecker, parked behind the car that was stolen, was pushed into the street.

As to suspects, the Ashville merchants who were the victims of the thefts could name no one, only stating they believed the persons to be from Circleville or vicinity.

At the Hook store 26 coat hangers were found scattered on the floor in the front of the building. There were taken from the coats and dresses as Hook claimed he had no hangers which were not in use.

In their selection of hosiery, only the best was taken and the boxes were left on the counters.

In the village of Ashville the lights all over the town are turned off at midnight, and in view of this fact the looting is believed to have taken place sometime in the early morning hours.

Although Hooks live next door to the store, they did not hear the thieves.

THREE PLACES ARE PILLAGED EARLY TODAY

Store, Garage and Grain Office Raided — Loot Totals More Than \$700.

Thieves, working under the mantle of a driving rain, entered three business places in Ashville early Thursday morning carrying away property conservatively estimated at \$700.

The places entered by the thieves were, the A. B. Cooper garage, the G. A. Hook general store, and the Scioto Grain and Supply co., office.

Breaking the glass of a side window of the store of G. A. Hook the thieves, carrying refreshments with them, unhooked the upper sill of the window and entered the building. Ladies coats valued at \$150, dresses, hosiery, sheep lined coats, fur pieces and other articles were hauled from the store by the men. An ice cream bucket with a piece of cake in it was the only clue left by the men. The bucket bore the name "Velvet." This ice cream is not sold north of Circleville and it is believed the persons making the haul were from the south.

In entering the Hook store, one of the men left his footprint on an open book titled "The Steadfast Heart."

WINDOWS OPENED

The window used to gain entrance to the store is the only window to which a burglar alarm switch has not been attached.

Evidently the persons knew of this before entering the store, it is believed.

At the Scioto Grain and Milling Co., the office was entered by prying up a window, breaking the window latch. Nothing was reported missing from the office but a sack had been taken from the seed room. The sack had been filled with timothy seed and the contents were poured on the floor.

BOOTH'S FOES GAIN VICTORY

High Council In Salvation Army Votes To Ask For His Retirement.

SUNBURY-ON-THAMES, England, Jan. 10.—The faction in the Salvation army opposing the continued leadership of General Bramwell Booth won a sweeping victory in the high council meeting today.

The high council unanimously adopted a resolution to send a deputation to see the general and suggest that he retire. The fact the resolution received unanimous consent caused a widespread sensation as it had previously been thought that the British members of the high council would contest the efforts to remove the general in order to prevent the possibility of encroachment by the American branch of the army.

The resolution said "That the general, being as his doctors assure us, capable of considering important questions and giving decisions thereon, it is resolved that the president and vice president and five members of the high council be deputed to see the general and suggest that he now retire from office, retaining the title of "General" and continuing to enjoy the honor and dignities attached thereto."

Fish announced that he would demand hearings in the judiciary committee on the amendment.

The popular referendum, under the amendment, would be conducted in each state under laws governing the election of members of congress.

WANTS VOTE OF PEOPLE ON WAR

WASHINGTON, Jan. 10.—A constitutional amendment requiring a vote of the people before congress can declare war was proposed today by Rep. Fish (R.) of New York as "a natural and logical step after the ratification of the Kellogg multilateral pact to renounce war."

Fish announced that he would demand hearings in the judiciary committee on the amendment.

The popular referendum, under the amendment, would be conducted in each state under laws governing the election of members of congress.

HOYT MAN RECEIVES LETTER FROM CHILLICOTHE RESIDENT OF R. R. NO. 1, ENDORSING HOYT'S COMPOUND.

And still letters of praise continue to pour into Wilder's Drug Store, Circleville, O., for Hoyt's Compound which is the great natural mixture of nature's finest medicinal juices now being introduced every day.

MR. SAMUEL GREGORY

These letters come from people who are widely acquainted in this vicinity, many of whom have suffered for several years from dreadful cases of rheumatism and neuritis and many who were victims of stomach trouble, deranged kidneys, torpid liver, and constipation. They all say that they never saw anything like Hoyt's before. Many of them have tried countless numbers of medicines without the slightest relief. They received a letter just the other day from Mr. Samuel Gregory, R. R. No. 1, Chillicothe, O., who is well known in this vicinity and who received such wonderful action from Hoyt's that he had to write in and tell about it. Mr. Gregory's own letter just as he sent it in for publication follows.

"I am writing a few lines in praise of Hoyt's Great Compound I suffered for many months with a severe case of stomach trouble. My food would not digest and would sour on my stomach, causing gas to form and terrible pains to shoot through the pit of my stomach. I tried several different kinds of medicines without relief, then I began to grow worse until finally I was in CONSTANT MISERY after each meal. Finally I began reading of Hoyt's Compound and what it was doing for people here in Chillicothe and decided to try it in ONE LAST EFFORT to bring relief to my tortured body. Hoyt's has certainly proved to be all that is claimed for it. It has certainly relieved me of my troubles. I am no longer troubled with indigestion, gas on stomach or bloating and it has also driven the pains out of my stomach, making me feel like new again. Any person who suffers as I did will make no mistake in trying this compound of roots and herbs and if anyone doubts that this is a letter written by my own hand let them come to me and I will tell the same story that I have written. Yours for new health, SAMUEL GREGORY, R. R. No. 1, Chillicothe, O."

Hoyt's Compound is being introduced daily at Wilder's Drug store, Circleville, Ohio.

Tigers To Meet Hillsboro In First S. C. O. League Game Here Friday.

Friday night, the Tigers will tie up with Hillsboro and Pleasantville. These games should be very fast and interesting.

The boys have been practicing hard all week and have perfected several new plays. In several hard scrimmages the Tigers have shown up well making baskets from all angles.

The girls will be handicapped this week by the absence of several of the players, due to the flu. Three of the squad will not be able to play Friday, these are: Mader, Fitzpatrick and Lanman. Miss Rains has not decided who will take Mader's forward but will be selected Friday night before the game.

Last year, Pleasantville won the Fairfield County Girl's championship and this year claim to have as fine a team as last.

Coach Guthrie says that he is expecting a fast game. Coach Rains states that it will be a hard fought game.

The probable line-up is as follows:

Goitre Not a Disease

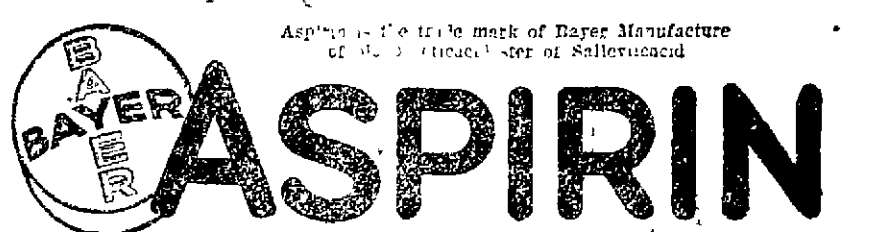

Milwaukee Doctor Makes Remarkable Discovery.

MILWAUKEE, WIS.—It has been brought to light by scientific research that goitre is not a disease and is not to be treated as such. Dr. A. A. Rock, Dept. B 32, Box 737, Milwaukee, Wis., a prominent goitre specialist for over 24 years, has perfected a different method of treatment for his patients that has proved remarkably successful. This same method is now being used for a home treatment of goitre cases all over the country with astonishing results. The Doctor states that goitre is a condition which grows worse with neglect and recommends immediate attention no matter how small the growth may appear. He strongly opposes needless operations. Dr. Rock is the author of a book that tells in a simple way about treating goitre at home. He has published this book at his own expense and will send a copy free to anyone interested. WHEN fattening sweets tempt and you dread extra weight, light a Lucky instead. No discomfort, no trouble—just a common sense method of retaining a slender figure.

The finest tobaccos are skillfully blended to make Lucky Strike. Then, "It's Toasted." This secret process brings out every essence in the tobaccos and produces a flavor which makes Lucky Strike a delightful alternative when you crave fattening sweets—there is no interference with a natural appetite for healthful foods. That's why folks say: "It's good to smoke Luckies."

At the same time toasting removes impurities. That's why 20,679 physicians are on record that Lucky Strike is less irritating than other cigarettes. That's why prominent athletes have testified that Luckies steady their nerves and do not impair their physical condition. No wonder that this was discovered long ago by many men, who pride themselves on keeping trim and fit, who love the "pep" that comes with health and vigor.

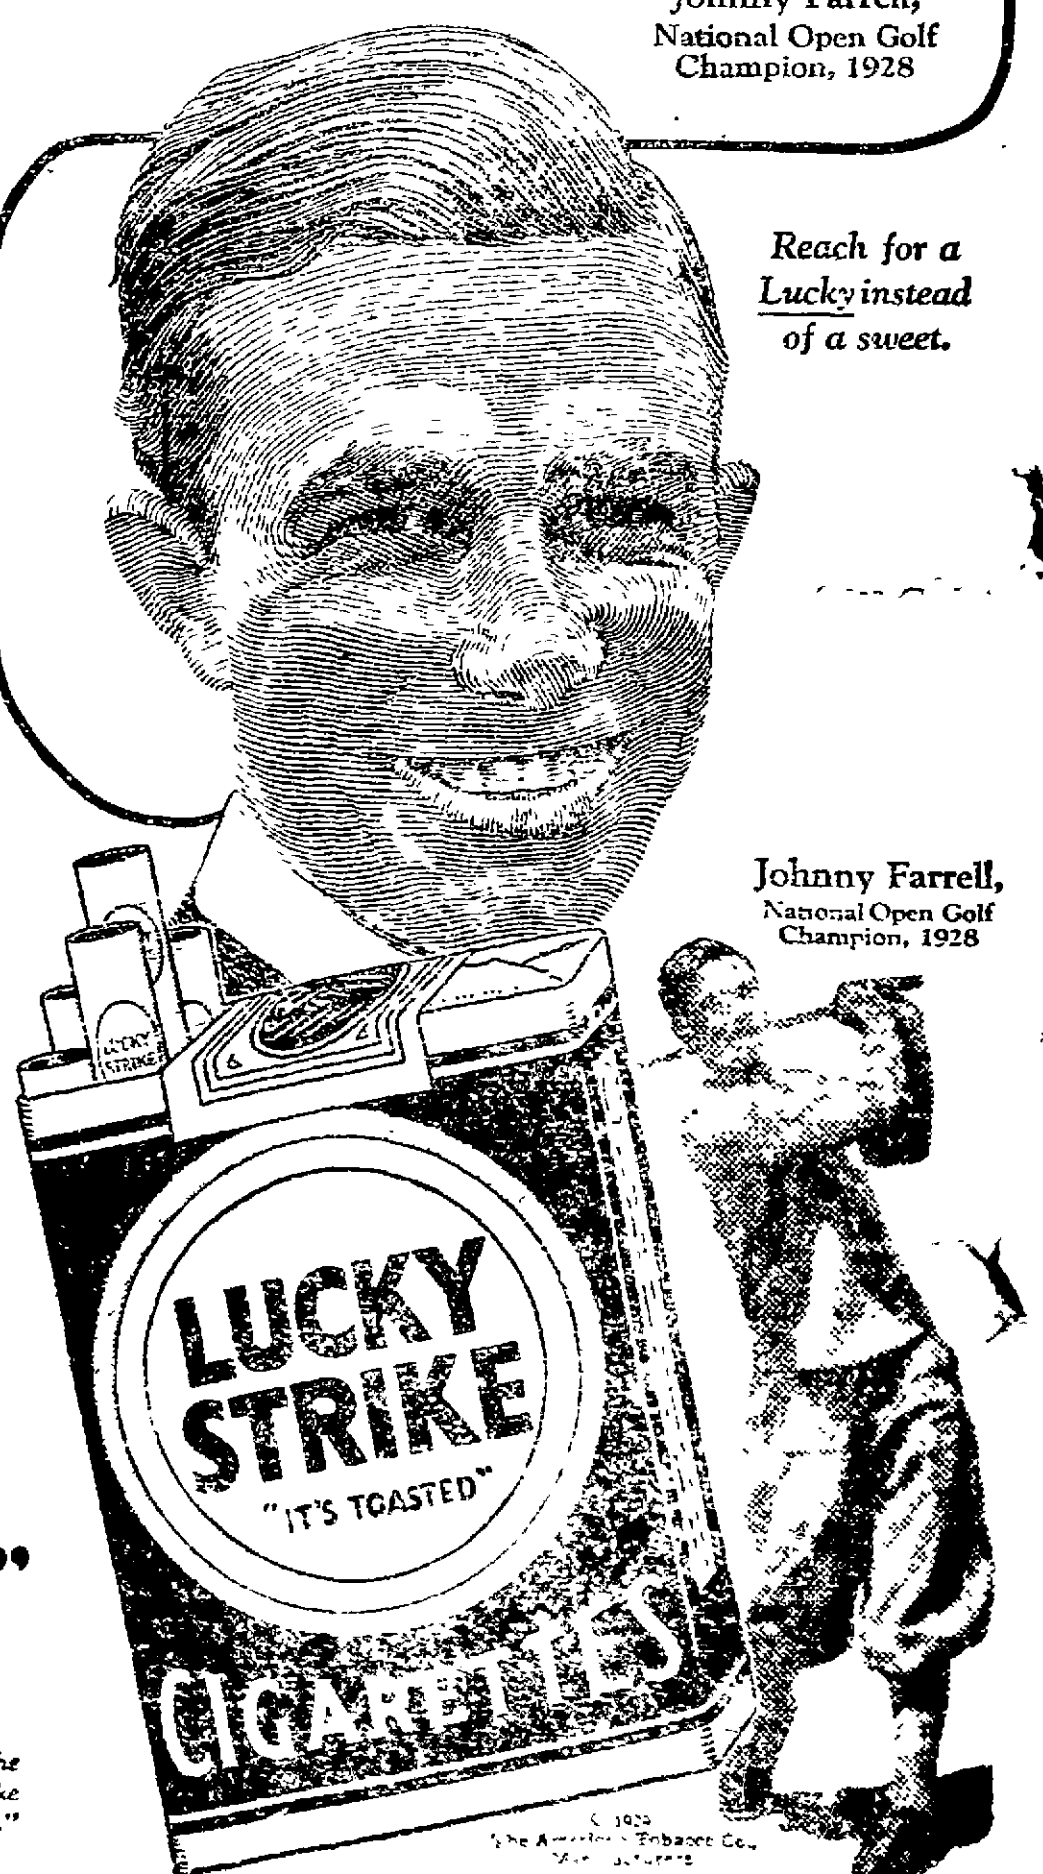

A reasonable proportion of sugar in the diet is recommended, but the authorities are overwhelming that too many fattening sweets are harmful and that too many such are eaten by the American people. So, for moderation's sake we say:—

I tried several different kinds of medicines without relief, then I began to grow worse until finally I was in CONSTANT MISERY after each meal. Finally I began reading of Hoyt's Compound and what it was doing for people here in Chillicothe and decided to try it in ONE LAST EFFORT to bring relief to my tortured body. Hoyt's has certainly proved to be all that is claimed for it. It has certainly relieved me of my troubles. I am no longer troubled with indigestion, gas on stomach, or bloating and it has also driven the pains out of my stomach, making me feel like new again. Any person who suffers as I did will make no mistake in trying this compound of roots and herbs and if anyone doubts that this is a letter written by my own hand, let them come to me and I will tell the same story that I have written.

Yours for new health,
SAMUEL GREGORY,
R. R. No. 1, Chillicothe, O.

EXPECT FAST GAMES HERE

Tigers To Meet Hillsboro In First S. C. O. League Game Here Friday.

Friday night, the Tigers will tie up with Hillsboro and Pleasantville. These games should be very fast and interesting.

The boys have been practicing hard all week and have perfected several new plays. In several hard scrimmages the Tigers have shown up well making baskets from all angles.

The girls will be handicapped this week by the absence of several of the players, due to the flu. Three of the squad will not be able to play Friday, these are: Mader, Fitzpatrick and Lanman. Miss Rains has not decided who will take Mader's forward but will be selected Friday night before the game.

Last year, Pleasantville won the Fairfield County Girls' championship and this year claim to have as fine a team as last.

Coach Guthrie says that he is expecting a fast game. Coach Rains states that it will be a hard fought game.

The probable line-up is as follows:

BOYS	GIRLS
Phillips, r.g. Jones, r.f.	Wilson, l.g. Not certain, l.f.
Russell, c. Crist, c.	Clark, r.f. Peters, g.
Heeter, l.f. Drum, g.	Neff, g.

Goitre Not a Disease

Milwaukee Doctor Makes Remarkable Discovery.

MILWAUKEE, WIS.—It has been brought to light by scientific research that goitre is not a disease and is not to be treated as such. Dr. A. A. Rock, Dept. B 32, Box 737, Milwaukee, Wis., a prominent goitre specialist for over 24 years, has perfected a different method of treatment for his patients that has proved remarkably successful. This same method is now being used for a home treatment of goitre cases all over the country with astonishing results. The Doctor states that goitre is a condition which grows worse with neglect and recommends immediate attention no matter how small the growth may appear. He strongly opposes needless operations. Dr. Rock is the author of a book that tells in a simple way about treating goitre at home. He has published this book at his own expense and will send a copy free to anyone interested. Write him today. —Adv.

For Colds -

How many people you know end their colds with Bayer Aspirin! And how often you've heard of its prompt relief of sore throat or tonsillitis. No wonder millions take it for colds, neuralgia, rheumatism; and the aches and pains that go with them. The wonder is that anyone still worries through a winter without these tablets! They relieve quickly, yet have no effect whatever on the heart. Friends have told you Bayer Aspirin is marvelous; doctors have declared it harmless. Every druggist has it, with proven directions. Why not put it to the test?

"Pass me a Lucky-I pass up the sweets."

WHEN fattening sweets tempt and you dread extra weight, light a Lucky instead. No discomfort, no trouble—just a common sense method of retaining a slender figure

The finest tobaccos are skillfully blended to make Lucky Strike. Then, "It's Toasted." This secret process brings out every essence in the tobaccos and produces a flavor which makes Lucky Strike a delightful alternative when you crave fattening sweets—there is no interference with a natural appetite for healthful foods. That's why folks say: "It's good to smoke Luckies."

At the same time toasting removes impurities. That's why 20,679 physicians are on record that Lucky Strike is less irritating than other cigarettes. That's why prominent athletes have testified that Luckies steady their nerves and do not impair their physical condition. No wonder that this was discovered long ago by many men, who pride themselves on keeping trim and fit, who love the "pep" that comes with health and vigor.

A reasonable proportion of sugar in the diet is recommended, but the authorities are overwhelming that too many fattening sweets are harmful and that too many such are eaten by the American people. So, for moderation's sake we say:—

INSTEAD OF A SWEET."

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Coughs from colds may lead to se-
rious trouble. You can stop them
now with Creomulsion, an emulsified
creosote that is pleasant to take.
Creomulsion is a medical discovery
with two-fold action; it soothes and
heals the inflamed membranes and in-
hibits germ growth.
Of all known drugs creosote is rec-
ognized by high medical authorities
as one of the greatest healing agents
for coughs from colds and bronchial
irritations. Creomulsion contains, in
addition to creosote, other healing
elements which soothe and heal the
inflamed membranes and stop the ir-
ritation, while the creosote goes on to
the stomach, is absorbed into the
blood, attacks the seat of the trouble
and checks the growth of the germs.
Creomulsion is guaranteed satisfac-
tory in the treatment of coughs from
colds, bronchitis and minor forms of
bronchial irritations, and is excellent
for building up the system after colds
or flu. Money refunded if not re-
lieved after taking according to direc-
tions. Ask your druggist. (adv.)

Each Drop Like a Whole Vegetable!

FRESH vegetables
would give us all
a state of health,
if only we would
eat enough of
them. Few of us
do. But here is
a little secret
about assisting
the peristaltic
action so vitally
important to our
health; there is
enough in one
spoon of plain
syrup pepsin to fill a market basket!
Several factors affecting sound
health are often ignored in the aver-
age person's daily diet. But add a
little syrup pepsin now and then,
and watch what happens! Your
appetite improves, so does your
digestion, and elimination. Lots of
folks who thought they were in per-
fect physical condition see a ter-
rific change after ten days with
syrup pepsin.
When a scientific, vegetable cor-
rective can put you in fine physical
form so quickly, you keep the whole
alimentary tract cleansed and sweet
and free from need of powerful
purgatives—it surely is worth trying!

An actual test can be made in ten
days. In this short space of time
your stomach, and liver and bowels
can be in shape to handle anything
that's eaten!
Children thrive on almost any diet
when pure pepsin syrup is given
just occasionally to help assimila-

Each Drop Like a Whole Vegetable!

FRESH vegetables
would give us all
a state of health,
if only we would
eat enough of
them. Few of us
do. But here is
a little secret
about assisting
the peristaltic
action so vitally
important to our
health; there is
enough in one
spoon of plain
syrup pepsin to fill a market basket!

Several factors affecting sound
health are often ignored in the aver-
age person's daily diet. But add a
little syrup pepsin now and then,
and watch what happens! Your
appetite improves; so does your
digestion, and elimination. Lots of
folks who thought they were in per-
fect physical condition see a tre-
mendous change after ten days with
syrup pepsin.

When a scientific, vegetable cor-
rective can put you in fine physical
form so quickly, you keep the whole
alimentary tract cleansed and sweet
and free from need of powerful
purgatives—it surely is worth trying!

An actual test can be made in ten
days. In this short space of time
your stomach, and liver and bowels
can be in shape to handle anything
that's eaten!

Children thrive on almost any diet
when pure pepsin syrup is given
just occasionally to help assimila-
tion, and make elimination thorough
and regular. Elderly people have a
far easier time, too, where this ideal
combination of laxative herbs and
pure pepsin is appreciated. Dr.

means of keeping bowels normally

BUT THE MELODY LINGERS ON

Peaks of Desire

by Kane O'Day

WHAT HAS HAPPENED SO FAR.

JERRY DUNN, reporter, falls in love with Ann Tremaine, a wealthy debutante. He takes her to live at his boarding house, and she is attracted to Steve Harrison, a husky mechanic of whom Jerry is jealous. Ann gets a job in a theatre owned by Nick Pagalos, a Greek. Shortly after, Maizie Thompson, an ex-sweetheart of Steve's, appears on the scene. She accuses Ann of having stolen Steve from her, but Steve denies this, saying he does not love Maizie. A friendship develops between Jerry and Maizie, and one evening the four of them go out together. The party is a complete failure, and Ann is hurt by Jerry's attentions to Maizie. At the same time, when Steve tells her he comes of an old Virginia family she begins to think of him more seriously.

NOW GO ON WITH THE STORY.

CHAPTER XLIV.

ANN AND STEVE were nearing home; silence had fallen between them but she fancied she could understand the turmoil in his mind. There was not the slightest doubt, in her mind, that he loved her. If some vital spark—some unmistakable glow had been present in her bosom she, too, would have known that she was the man with whom she was destined to spend the remainder of her days. But that spark was no more than an idea; she had no idea whether it would germinate into a full flower or perish like a seed cast into unfertile soil.

Before she went further she wanted to understand herself better—this from a sense of fairness to Steve. Above all she abhorred the thought that she might be leading him on fruitlessly.

"There's one thing I envy about you," Steve told her, "and that's the way you always have everything straight in your mind. Your brain works accurate like a piston in a cylinder."

How little he understood her! "I've got you baffled," she told him. "You mustn't take everything I say too seriously."

"I know you're not trying to kid me," he said. "What you say you mean."

"Most people I know fall into a definite classification, but it's different with you, Steve. I can see the rough outlines of what I think you ought to make out of yourself, but my advice may be entirely wrong. What right have I to try to shape your character? It would be a tragedy if you were poured into an unnatural mould."

"You mean maybe I wouldn't take the polish?"

"I mean that it might be a mistake for you—if you listened to everything I said and tried to make yourself over according to my ideas. I'm afraid I'd have you a combination of Jerry and my father and a lot of other men I used to know—a little bit of each one."

Boyd Skinner of Perry-town, has purchased the Vallery farm near Clarksburg and expects to move there in the spring.

The names of G. G. Shannon, Ashville and Lewis Alpoison, Mt. Sterling are in the list of wounded sent from overseas.

15 YEARS AGO
The Ashville Crescents defeated the Columbus Collegians at Ashville by a score of 44 to 9.

Alfred Byers, an employee of the Circleville Mill Co., suffered a badly lacerated wrist when he caught it in a cogwheel.

Rockford Brown, the 15-year-old son of Mr. and Mrs. Clement L. Brown, of Mingo-st, fell on the pavement near his home and fractured his right arm.

time when I think about you I'm miserable. I tried to make love to you and it was a flop. The time wasn't ripe—how can I tell the time ever will be ripe?"

The effort of thought, the struggle to comprehend the incomprehensible strained them both and Ann was conscious, of a deep, fatigue. Why did she throw him into such a state of painful conflict? Why, indeed, did she allow herself to worry about him at all? The answer was that a curious ferment was working in her and in him and that neither had a great deal of power over it. Immediately, she was certain of one thing; she was weary of his force, was battered and vitally exhausted.

Sometimes Steve thrilled and soothed her but those times came only when she allowed the nervous response to run through her body in correspondence with his radiant vitality. But that, in a minor degree was surrender, and wisdom dictated a tight rein.

As they came into the house she was struck, suddenly, with a longing to get away from Steve. . . . to talk to Jerry.

"Goodnight," she said to Steve swiftly before her door.

He made no effort to engage her further. It was as though he, too, felt the need of getting away from what was almost a controversy between them.

To be with Jerry. . . . to talk with him.

Always Jerry's mind was so unjaded. He had a tonic power over her which she had recently neglected. Something, unhappily, seemed lately to have escaped from them, though. On the night of their first meeting there had been a bond of understanding, of mutual feeling, that had been strong enough to seem the most important thing in her life. It had not been love—it had been friendship, but that friendship, perhaps, had been too curious and rare to last between a man and woman.

If it were possible now to get just a breath of that old feeling Ann felt her mind might be stabilized. Jerry, if he so desired, could understand perfectly her quandary, but lately they had grown apart. If he had understood her attachment for Steve Harrison the result upon him had caused resentment.

It was one of those nights when Ann felt sleep was an impossibility. Her nerves were crawling and she felt as though, unless she used control, she could easily cry out aloud.

Tonight . . . tonight she HAD to see Jerry.

THEATRES

Antonio Moreno and Helene Costello are starred at the Grand theatre tonight in "Midnight Taxi." The picture is that of two girls in different walks of life, each trying to find the thieves of stolen bonds. One because her sweetheart is accused and the other because she is a confederate of a gang of bootleggers. An FBO comedy and a Fox News reel will also be shown.

"FLASH" IS COMEDIAN
Just because a dog is unable to speak his mind, beyond a whine or a bark, don't presume for a moment that he is a "dumb" animal, applying the term in its modern slangy meaning. Flash, the famous Metro-Goldwyn-Mayer police dog, who is co-featured with Polly Moran and Harry Gribbon in "Honeymoon," the fast moving comedy-farce which will open at the Metropolitan theatre Friday knows how to court favor even if nature has handicapped him by not giving him the power of speech.

Flash does a number of marvelous tricks in his latest production, and adds greatly to his screen honors by being the first dog comic in motion picture history. He has appeared in other film productions, notably "Under the Black Eagle" and "Shadows of the Night."

Wayne Lookart of Laurelville was a business visitor in Circleville on Thursday.

IT'S NOT HARD TO GROW THIN

People all about you can testify to that. Most of the slender figures seen today have been won in easy ways. Many have been won by Marmola prescription tablets, based on a modern scientific discovery. People have used Marmola for 20 years—millions of boxes of it. Now slender figures in almost every circle show what Marmola does.

A book in each box of Marmola gives the formula and states the scientific reason for results. So users realize how and why effects are beneficial. LINCOLN'S BLUE BLOOD

Far from being the offspring of humble and downtrodden ancestors, Abraham Lincoln was a direct descendant of one of the first families of Virginia—the famous Lees, no less—according to Dr. William E. Barton, famous authority on Lincoln in an article in the January issue of Good House-keeping.

Nancy Hanks, Lincoln's mother, was a great-grand daughter of Col. Richard Lee, who came to Virginia from England in 1642, says Dr. Barton. This Col. Lee, incidentally, was an ancestor of Gen. Robert E. Lee of the Southern Confederacy, so that—if Dr. Barton's researches are correct—Lincoln and Lee, opponents in the greatest struggle the New World ever saw, were blood relations.

All of this is highly interesting. It will be particularly comforting to the great race of snobs. Those folk who believe, in spite of modern psychology, that "blood will tell," will be vastly relieved. Every spark of greatness that Lincoln ever exhibited will hereafter be accredited, by them, to the fact that the blood of the Lees flowed in his veins. The story of Lincoln, which is by all odds the most moving story America has yet produced, thus gets a regular musical comedy happy ending.

Not that Dr. Barton isn't to be commended for his researches. Every scrap of knowledge that we can get about Lincoln is valuable, and if he really was descended from the famous Lee family, it is well to know it. But it is distressing to think of the reinforcement this will be to those people who cling to the ancient belief that birth and ancestors are important.

The present age, for all its current pessimism, probably will be recognized eventually as the beginning of a great new age of hope. Scientists are learning more about the human race, and are beginning to see that men are, after all, born equal; that one's ancestry, either immediate or remote, makes little or no difference. The son of a burglar does not carry in his blood the seeds of crime, any more than the son of a minister is endowed at birth with all inborn propensity to holiness. In the cradle we are all equal. The very great obstacles to equality that remain—differences in environment, wealth and early training—can be removed if we set ourselves to it.

No more hopeful discovery than this was ever made.

Yet, in the face of all this, there are people who will be somehow relieved to learn Abraham Lincoln did not spring from nameless ancestors. He came from the Lees—ah, that explains him.

Well, they don't matter greatly, after all. The fact is interesting, to be sure; but it is not very important. The main thing is what Lincoln was and did, and not the identity of his maternal grandfather three times removed.

FIGURE THIS ONE OUT

In the town of Rocky River, O., the other day, a motorist stopped his car in front of the police station and came inside.

The amazed police accommodated him until he was properly sober; and on the following day, when he appeared in court, the judge was so overcome that he let him off with a five-dollar fine. And we're trying to dope out just what the moral of the little episode is.

Should the motorist be condemned for getting drunk in the first place? Or should he be praised for realizing his condition and going to the police station? It's a peculiar one to figure out.

Trappings of Folly

Affliction is to be played distinguished from hypocrisy, as being the act of counterfeiting those qualities which we might with innocence and safety be known to want. Hypocrisy is the necessary burden of villainy; affliction part of the trappings of folly.—Doctor Johnson

BUT THE MELODY LINGERS ON

Peaks of Desire

by Kane O'Day

WHAT HAS HAPPENED SO FAR.

JERRY DUNN, reporter, falls in love with Ann Tremaine, a wealthy debutante. He takes her to live at his boarding house, and she is attracted to Steve Harrison, a husky mechanic of whom Jerry is jealous. Ann gets a job in a theatre owned by Nick Pagalos, a Greek. Shortly after, Maizie Thompson, an ex-sweetheart of Steve's, appears on the scene. She accuses Ann of having stolen Steve from her, but Steve denies this, saying he does not love Maizie. A friendship develops between Jerry and Maizie, and one evening the four of them go out together. The party is a complete failure, and Ann is hurt by Jerry's attentions to Maizie. At the same time, when Steve tells her he comes of an old Virginia family she begins to think of him more seriously.

NOW GO ON WITH THE STORY.

CHAPTER XLIV.

ANN AND STEVE were nearing home; silence had fallen between them but she fancied she could understand the turmoil in his mind. There was not the slightest doubt, in her mind, that he loved her. If some vital spark—some unmistakable glow had been present in her bosom she, too, would have known that he was the man with whom she was destined to spend the remainder of her days. But idea; she had no idea whether it would germinate into a full flower or perish like a seed cast into unfertile soil.

Before she went further she wanted to understand herself better—this from a sense of fairness to Steve. Above all she abhorred the thought that she might be leading him on fruitlessly.

"There's one thing I envy about you," Steve told her, "and that's the way you always have everything straight in your mind. Your brain works accurate like a piston in a cylinder."

"How little he understood her!" "I've got you bluffed," she told him. "You mustn't take everything I say too seriously."

"I know you're not trying to kid me," he said. "What you say you mean."

"Most people I know fall into a definite classification, but it's different with you, Steve. I can see the rough outlines of what I think you ought to make out of yourself, but my advice may be entirely wrong. What right have I to try to shape your character? It would be a tragedy if you were poured into an unnatural mould."

"You mean maybe I wouldn't take the polish?"

"I mean that it might be a mistake—for you—if you listened to everything I said and tried to make yourself over according to my ideas. I'm afraid I'd have you a combination of Jerry and my father and a lot of other men I used to know—a little bit of each one."

THEATRES

Antonio Moreno and Helene Costello are starred at the Grand theatre tonight in "Midnight Taxi."

The picture is that of two girls in different walks of life, each trying to find the thieves of stolen bonds. One because her sweetheart is accused and the other because she is a confederate of a gang of bootleggers. An FBO comedy and a Fox News reel will also be shown.

"FLASH" IS COMEDIAN

Just because a dog is unable to speak his mind, beyond a whine or a bark, don't presume for a moment that he is a "dumb" animal, applying the term in its modern slangy meaning. Flash, the famous Metro-Goldwyn-Mayer police dog, who is co-featured with Polly Moran and Harry Gribbon in "Honeymoon," the fast moving comedy-farce which will open at the Metropolitan theatre Friday knows how to court favor even if nature has handicapped him by not giving him the power of speech.

Flash does a number of marvelous tricks in his latest production, and adds greatly to his screen honors by being the first dog comic in motion picture history.

He has appeared in other film productions, notably "Under the Black Eagle" and "Shadows of the Night."

Wayne Lookart of Laureville was a business visitor in Circleville on Thursday.

IT'S NOT HARD TO GROW THIN

People all about you can testify to that. Most of the slender figures seen today have been won in easy ways. Many have been won by Marmola prescription tablets, based on a modern scientific discovery. People have used Marmola for 20 years—millions of boxes of it. Now slender figures in almost every circle show what Marmola does.

A book in each box of Marmola gives the formula and states the scientific reasons for results. So users realize how and why effects are beneficial. A way which has done so much for so many deserves a test from you. Make it now, watch the results for a little while, then decide. Ask your druggist today for a \$1 box of Marmola.

"Night," in both of which he played the usual dog star role, a very mysterious crimes, saved his mas-tities as a comedian and one of the serious dramatic one. He solved in "Honeymoon" he shows his abil-is the result.

"KONJOLA MADE NEW MAN OF ME" FARMER DECLARES

Veteran Resident of Green County Was Unable To Work—Relieved of Rheumatism.

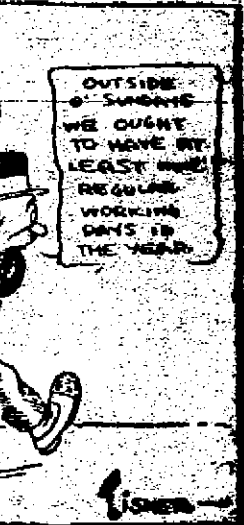

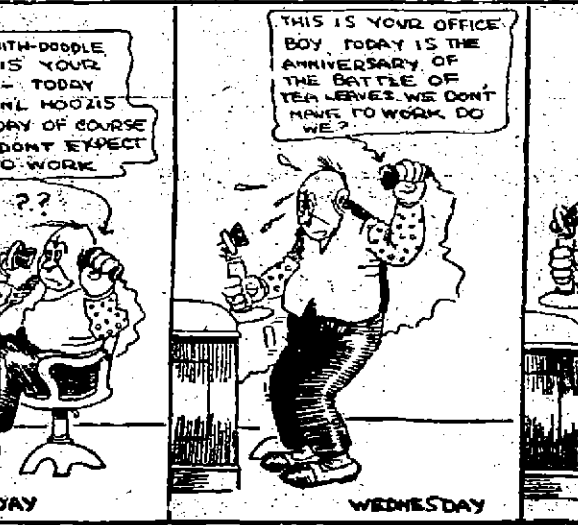

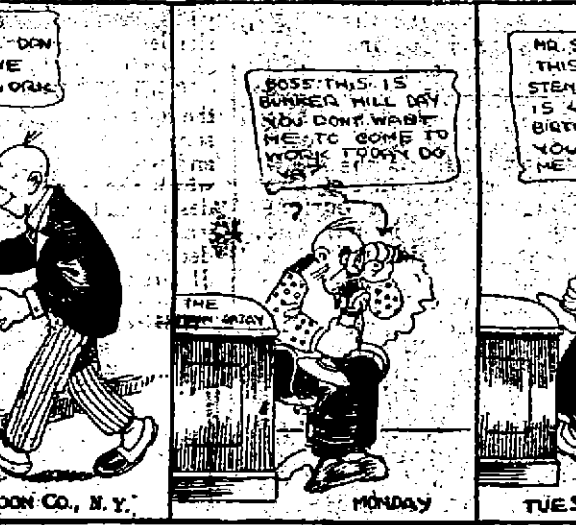

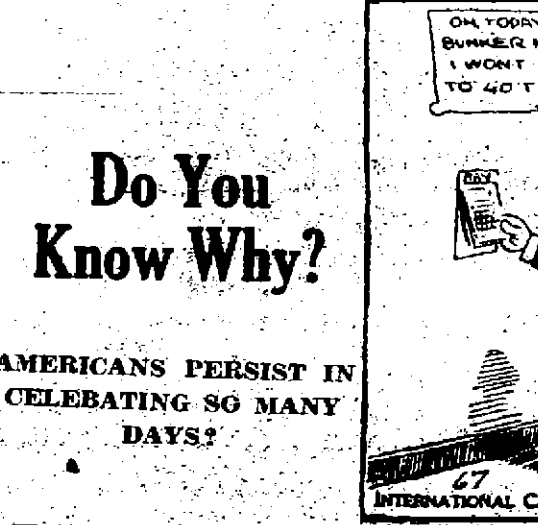

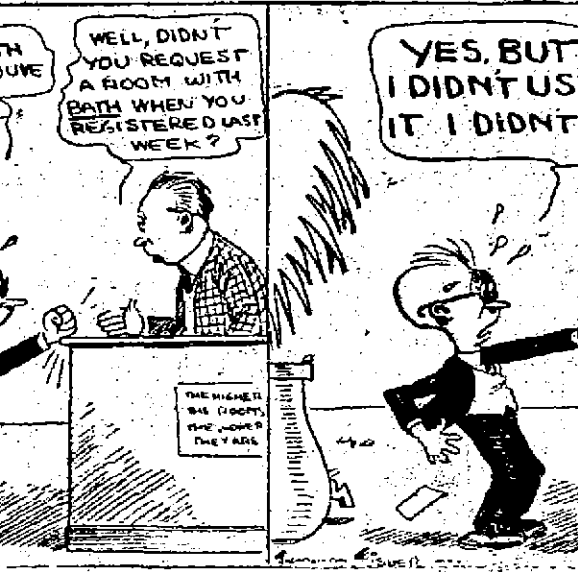

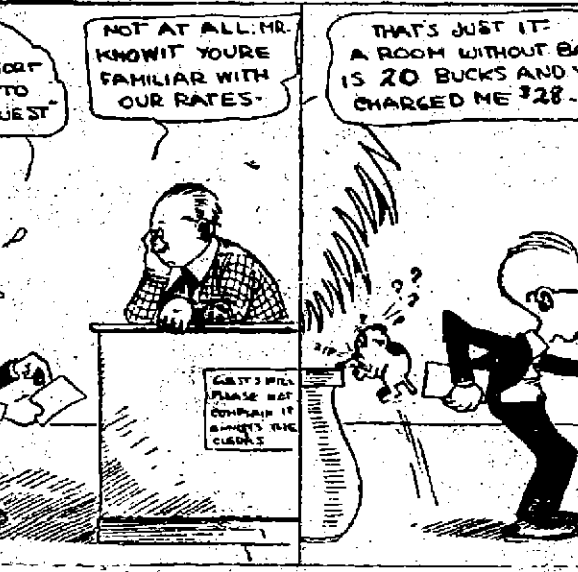

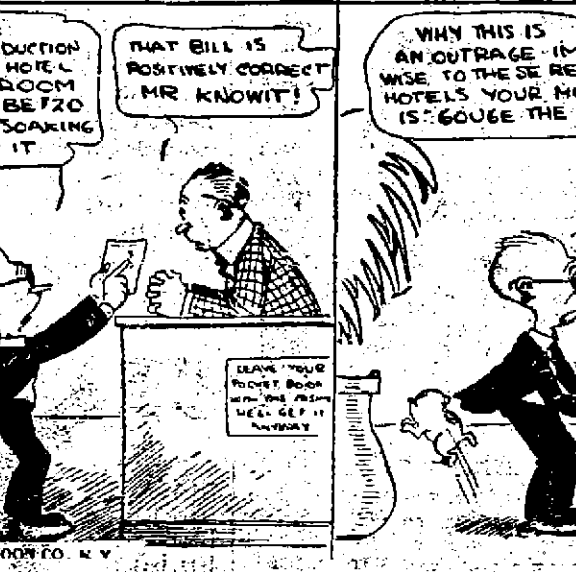

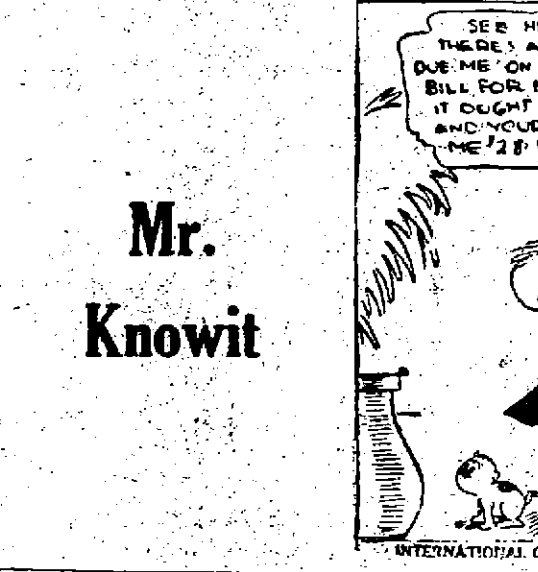

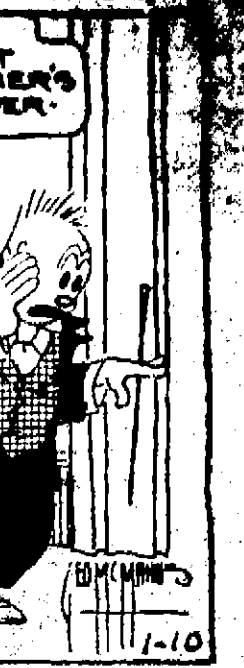

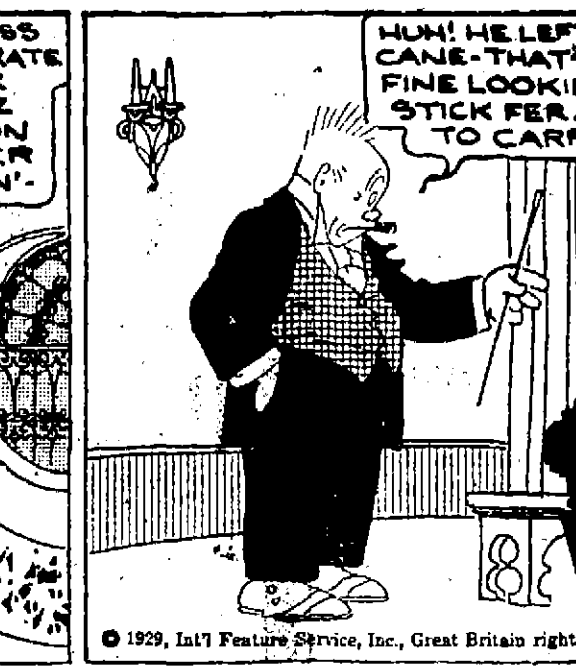

MR. GEORGE SIMS
Day by day the records of the glorious achievements of Konjola, the new medicine, grow; a convincing case of Mr. George Sims, R. R. No. 2, Xenia, who said:
"Three years ago my stomach failed me completely. There was little that I could eat, and even that little caused indigestion. My kidneys and liver refused to function as they should. Poisons left in my system caused rheumatism, and finally I had to quit work.
"A friend, who came to call on me, urged me to try Konjola. I thought it was just another medicine, but he was so eager that I tried this new compound that I decided to take his advice. Three weeks of Konjola made a new man of me. Today I can eat anything; all my rheumatic pains have vanished, and my kidneys and bowels are entirely normal. I am doing right now as much a day on the farm as I ever did. I tell everyone what this wonderful medicine did for me as I feel it my duty to let them know of the merits of Konjola."
Konjola is sold in Circleville, O., at the Mykranitz Pharmacy drug store, and by all the best druggists throughout this entire section.

OBITUARY

Arthur Roby, son of Mr. and Mrs. Charles Roby was born May 12, 1895, and departed this life Dec. 26, 1928, at St. Elizabeth's hospital at Youngstown Ohio.
He was united in marriage to Lola McKibben, daughter of Mr. and Mrs. Charles McKibben formerly of Chillicothe, on Dec. 17, 1921. He leaves to mourn their loss, his wife and three children, one son, Charles, and two daughters, Marilyn and Carolyn, his parents, Mr. and Mrs. Charles Roby, one brother, Clinton, and three sisters: Mrs. Joseph Anderson of Kingston; Mrs. Hazel Johnson and Mrs. Bessie Carman of Chillicothe and a host of relatives and friends.
Mr. Roby lived in and near Kingston and Chillicothe all of his life until a few months ago when he moved to Struthers near Youngstown. He served one and one-half years in the World war, one year over-seas with the 33rd Division of Ohio. He belonged to the American Legion Post 62 of Chillicothe.
Mr. Roby was well liked, of a quiet, unassuming, lovable disposition and had many friends and will be greatly missed by all who knew him. He was ever kind and loving to his family and friends. Short services were held at his home at Struthers by Rev. Turner of the M. E. church. He was a member of the M. E. church at Kingston and attended when he made his home in Kingston.
It was comforting to his friends at his bedside when he uttered his last words expressing his last thoughts when he said: "The gates of heaven are open" and in a few moments said "And I have gone through."
He was brought to the home of his parents, Mr. and Mrs. Charles Roby, on Friday night and interment was made in the Mt. Pleasant cemetery. There was a military service at the cemetery.
We miss thee from our home, dear father,
We miss thee from this place;
A shadow o'er our life is cast;
We miss the sunshine of thy face;
We miss thy kind and willing hand Thy fond and earnest care;
Our home is dark without thee;
We miss thee everywhere.

"KONJOLA MADE NEW MAN OF ME" FARMER DECLARES

Veteran Resident of Green County Was Unable to Work—Relieved of Rheumatism.

MR. GEORGE SIMS

Day by day the records of the glorious achievements of Konjola, the new medicine, grow; a convincing case of Mr. George Sims, R. R. No. 2, Xenia, who said:

"Three years ago my stomach failed me completely. There was little that I could eat, and even that little caused indigestion. My kidneys and liver refused to function as they should. Poisons left in my system caused rheumatism, and finally I had to quit work.

"A friend, who came to call on me, urged me to try Konjola. I thought it was just another medicine, but he was so eager that I tried this new compound that I decided to take his advice. Three weeks of Konjola made a new man of me. Today I can eat anything; all my rheumatic pains have vanished, and my kidneys and bowels are entirely normal. I am doing right now as well as a day on the farm as I ever did. I tell everyone what this wonderful medicine did for me as I feel it my duty to let them know of the merits of Konjola."

Konjola is sold in Circleville, O., at the Mykrantz Pharmacy drug store, and by all the best druggists throughout this entire section.

HOOVER GETS MUCH ADVICE

Constant Stream of Visitors, Urging Cabinet Appointments, Are Heard.

WASHINGTON, Jan. 10.—Herbert Hoover is putting in union hours listening to the volunteer cabinet-makers. His visitors fairly tread on each other's heels as they pass, endless chain fashion, in and out of his big suite, at the Mayflower hotel.

He listens, occasionally asks a question, but for the most part permits his visitors to do the talking. If he has made any commitments at all—save that concerning the retention of Andrew W. Mellon as secretary of the treasury—political Washington does not know of it, despite its ear-to-the-keyhole attitude.

The stock question asked all visitors as they emerge from the president-elect's office, which is buried deep in the centre of his twelve-room lay-out, is: "and what did he say?" invariably the reply is: "well, he appeared interested, and he listened."

The south, militantly aggressive in its new-found Republicanism, is conducting an energetic drive for cabinet representation. Kentucky republicans are working in daily relays, presenting the name of Mrs. Alvin T. Hert, vice chairman of the national committee, who had titular charge of the feminine end of the Hoover campaign. Virginia Republicans have advanced the name of C. Bascom Slemp, former secretary to President Coolidge, and credited with being the "master mind" of the Hoover campaign in the south.

North Carolina, which also went Republican, has a candidate for whom really sincere and high hopes are held. He is Stuart W. Cramer, a cotton manufacturer of Cramerton, N. C., independently wealthy, possessed of a distinguished business and administrative record, and an important cog in the machinery of the Hoover victory in the old north state.

CLUB SEWS FOR NEEDY

The Ebenezer Community club met Wednesday, Jan. 9, at the home of Mrs. E. O. Crites in Washington-two for an all day meeting with a covered dish luncheon at noon. There were 17 members and the hostess present, who enjoyed the sociability of the occasion. A number were unable to attend because of illness.

The main object of this meeting was to make garments for the needy children of the community. Every member worked steadily all day with the exception of the hour for lunch, and with two sewing machines in constant use a number of practical clothes were completed. These consisted of nine slips, nine outing slips, nine pairs of black sateen bloomers, eight outing night gowns and two dresses. These will be distributed at once to children who need them.

The club also voted a sum of money for the purchase of underwear and stockings. Those who enjoyed the hospitality of Mrs. Crites and who sewed all day for such a splendid cause were Mrs. Marvin Dreisbach, Mrs. Lina Dreisbach, Mrs. James Mowery, Mrs. Charles Kiger, Miss Ethel Kiger, Mrs. John Wrightsall, Mrs. Orrin Dreisbach, Mrs. Eva Dreisbach, Mrs. Shirley Dreisbach, Mrs. H. The singing of the hymn "Jesus Calls Us O'er the Tumult," opened the meeting, followed by scripture reading from the 90th psalm, and the repeating of the Lord's prayer.

The missionary program subject for this session was "Eve, the Mother of Men." This was read by Mrs. Lewis Hohenstine and Mrs. Rose Brunner. Another num-

KEEP YOUR APPETITE YOUNG

If the things you used to like disagree with you, take a tablet of Pape's Diapiesin after a meal. It displaces the excess acid in the stomach, sweetens your food, and digests it. The nourishment from it produces good, healthy tissue and blood; you gain weight and strength, and with that comes a healthy, youthful color. Thousands of people who suffered from stomach trouble for years, praise Pape's Diapiesin for their good health and young appetite. They can now eat anything they want. That's why 5 million packages are used a year. Any druggist will supply you with Pape's Diapiesin, because it is indispensable in every home.

HOOVER GETS MUCH ADVICE

Constant Stream of Visitors, Urging Cabinet Appointments, Are Heard.

WASHINGTON, Jan. 10.—Herbert Hoover is putting in union hours listening to the volunteer cabinet-makers. His visitors fairly tread on each other's heels as they pass, endless chain fashion, in and out of his big suite at the Mayflower hotel.

He listens, occasionally asks a question, but for the most part permits his visitors to do the talking. If he has made any commitments at all—save that concerning the retention of Andrew W. Mellon as secretary of the treasury—political Washington does not know of it, despite its ear-to-the-keyhole attitude.

The stock question asked all visitors as they emerge from the president-elect's office, which is buried deep in the centre of his twelve-room lay-out, is: "and what did he say?" invariably the reply is: "well, he appeared interested, and he listened."

The south, militantly aggressive in its new-found Republicanism, is conducting an energetic drive for cabinet representation. Kentucky republicans are working in daily relays, presenting the name of Mrs. Alvin T. Hert, vice chairman of the national committee, who had titular charge of the feminine end of the Hoover campaign. Virginia Republicans have advanced the name of C. Bascom Slemph, former secretary to President Coolidge, and credited with being the "master mind" of the Hoover campaign in the south.

North Carolina, which also went Republican, has a candidate for whom really sincere and high hopes are held. He is Stuart W. Cramer, a cotton manufacturer of Cramerton, N. C., independently wealthy, possessed of a distinguished business and administrative record, and an important cog in the machinery of the Hoover victory in the old north state.
